This guide will help you choose where to eat and what to do during your stay, whether you have a full day to explore or just a couple of hours. Leave a little time for whatever catches your eye along the way.

Adapter, charger or cable?

An adapter changes plug shape. A charger is the power brick. A USB-C or Lightning cable is the lead: choose the connector that matches your phone. Prefer charger input marked 100–240 V~ (50/60 Hz); do not use a 110/120 V-only device on Irish mains without suitable conversion.
